BOARD OF REVENUE, BENGAL.

NOTIFICATION.

No. 16232C.P.—23rd December 1932.—The following draft of a notification, which the Board proposes to issue in exercise of the power conferred by section 39 of the Bengal Public Demands Recovery Act (III of 1913) is published for the information of persons likely to be affected thereby.

2. The draft will be taken into consideration on the 1st March 1933, and any objection or suggestion with respect thereto, which may be received by the undersigned before that date, will be duly considered:—

Draft notification.

In exercise of the power conferred by section 39 of the Bengal Public Demands Recovery Act (III of 1913), the Board of Revenue, Bengal, with the previous sanction of Government, is pleased to make the following amendments to rules 13, 14, 45, 46 (i) and 48 of Schedule II of the Act relating to the attachment and sale of movable property of certificate-debtors.

13. **Application for attachment of movable property in the possession of the certificate-debtor.**—At the time of making an application for the attachment of movable property in the possession of the certificate-debtor, the certificate-holder shall declare whether the property is above or below forty rupees in value. If the property is declared to be above forty rupees in value, the certificate-holder shall pay the costs of issuing the proclamation of sale. If, however, the value of the property, having been declared to be forty rupees or under, should be found, as determined by rule 14, to exceed forty rupees, the certificate-holder shall pay the costs of issuing the proclamation of sale immediately on receipt of notice of attachment.

14. **Procedure for the attachment of movable property when its value is up to Rs. 40 or above.**—When the attaching officer believes that the property attached does not exceed forty rupees in value, he shall inform the debtor or, in his absence, any present adult member of his family, that it will be sold by public auction at once without the issue of any proclamation. In case the certificate-holder or the certificate-debtor, or any person on his behalf, objects to this, the attaching officer shall convoke a panchayat of not less than three respectable adult male inhabitants of the neighbourhood, of whom ordinarily the headman of the village should be one, and shall require them to assess the value of the property. If they determine that it exceeds forty rupees in value, he shall deal with it according to the rules for the sale of movable property exceeding forty rupees in value, otherwise he shall forthwith proceed to sell it by auction, after giving such reasonable notice as the circumstances of the case admit of to intending purchasers.

45. **Sale of movable property falling under rule 15 or of value not exceeding Rs. 40 or of greater value.**—Sales of property under the proviso to rule 15 and of movable property not exceeding forty rupees in value, shall be held on the spot. Such sales will necessarily be conducted by peons when they are the attaching

officers. Sales of movable property of greater value can, under rule 46, take place only after the issue of a proclamation, but they may be held on the spot or at the sadar or subdivisional headquarters, as may seem convenient and conducive to the securing of good prices, provided that the place and time of sale are notified in the proclamation. For such sales officers of higher rank than peons should always be deputed when the value of the property is estimated to exceed fifty rupees and proclamation should be issued. When the value is between forty rupees and fifty rupees, the Collector or Certificate Officer may, by a special order, depute a peon, if he considers it desirable to do so.

46. (1) **Proclamation of sale by public auction.**—Where any immovable property, or any movable property exceeding forty rupees in value, is ordered to be sold by public auction, the Certificate Officer shall cause a proclamation of the intended sale to be made in the language of the Courts of the district.

48. Save in the case of property of the kind described in the proviso to rule 15, no sale hereunder shall, without the consent in writing of the certificate-debtor, take place until after the expiration of at least thirty days in the case of immovable property or of at least fifteen days in the case of movable property exceeding forty rupees in value, calculated from the date on which a copy of a sale proclamation has been affixed in a conspicuous part of the office of the Certificate Officer.

DEPARTMENT OF AGRICULTURE, BENGAL.

Forecast of the Winter Til (Sesamum) Crop of Bengal, 1932-33.

(Note.—On an average of the five years ending 1930-31, the area under til in Bengal has represented some 2·5 per cent. of the total area under til in British India.)

Character of the season.—The rainfall in August and September, although generally below the average, was adequate for the preparatory tillage and for the sowing of the crop which commenced this year in the normal time. Excessive rainfall in the latter part of October and in the first part of November caused some

damage to the crop and thus reduced the outturn in some important districts. Subsequent dry weather however was beneficial to its growth. On the whole, the season has been fairly favourable for the crop.

Acresage.—The total area sown with the crop this year is estimated at 50,800 acres as against 49,600 acres last year.

Outturn.—According to District Officers' estimates, the outturn of the crop for the province as a whole works out at 83 per cent. of the normal as against 84 per cent. last year. Taking $7\frac{2}{5}$ lbs maunds as a normal rate of yield per acre, the gross outturn for the province is estimated at 11,500 tons this year as against 9,200 tons last year.

G. P. HECTOR,

Director of Agriculture, Bengal.

Reforms.

CALCUTTA, THE 16TH JANUARY 1933.

• **RESOLUTION—No. 122A.R.**

1. The Government of Bengal for some time have had under consideration the list of castes to be included in the depressed classes in Bengal. In March 1932, in evidence given to the Indian Franchise Committee, it was stated that the list of castes regarded as depressed was under revision, but the Committee were given the list adopted in the 1921 census with additions and omissions which had been proposed in the intervening period. The Indian Franchise Committee were also informed that a final decision could not be given till the views of the castes concerned were ascertained.

2. The views of the Indian Franchise Committee are given in Chapter X of Volume I of their Report, more especially in paragraphs 282 to 286, and in paragraph 297 the local Government were called on to prepare a complete classification of the depressed classes on the lines indicated by the Committee, i.e., on the basis of the criterion of untouchability which had been adopted by the Committee.

3. Subsequently, when the Communal Decision was announced it was found that in the section dealing with the representation of the depressed classes provision had been made for a modification where necessary of the definition of the "depressed classes." "The precise definition in each province of those who (if electorally qualified) will be entitled to vote in the special Depressed Class constituencies has not yet been finally determined. It will be based as a rule on the general principles advocated in the Franchise Committee's Report. Modification may, however, be found necessary in some provinces in Northern India where the application of the general criteria of untouchability might result in a definition unsuitable in some respects to the special conditions of the province." (Paragraph 9 of the Communal Decision.)

4. The Government of Bengal are satisfied that Bengal is one of the provinces in which the application of the general criteria of untouchability would result in a definition unsuitable to the special conditions of the province. They propose therefore in accordance with the discretion given them by the Communal Decision to adopt the attached list of castes to be designated "Scheduled Castes" as the basis of their scheme for carrying out the proposals as first embodied in that Decision for the representation of the "depressed classes" and as subsequently modified in accordance with the Poona Agreement. The list has been prepared on the basis of the social and political backwardness of these castes and the necessity of securing for them special representation in order to protect their interests.

5. Before making the list final, however, the local Government have decided to publish it for criticism. It is to be noted that the list includes not only Hindu castes but also some groups of aboriginal derivation now resident in Bengal which profess tribal or mixed religions.

It excludes some castes like the Telis and Kalus, from which definite objections have been received against inclusion in any list of "depressed classes."

6. Any public body, caste association, or individual desiring to submit any representation regarding the inclusion or non-inclusion of any caste or castes in this list of "Scheduled Castes" should submit it to the Reforms Officer to the Government of Bengal, in the Appointment Department, within one month from the date of publication of this Resolution in the *Calcutta Gazette*. No representation received after that date will be considered.

Order.—Ordered that the Resolution be published in the *Calcutta Gazette* and forwarded to newspapers in Calcutta and mufassal for publication.

By order of the Governor in Council,

Chief Secy. to the Govt. of Bengal.

ADDENDA AND CORRIGENDA.

No. 127F.—14th January 1933.—The following corrections which have been authorised, are published for general information:—

Fundamental and Subsidiary Rules, First Edition (Reprint), 1929.

Page 159.—S. R. 263.—*Substitute* the following for S. R. 263:—

S. R. 263. Save as provided by the rules in this section, a compensatory allowance attached to a post will cease to be drawn by a Government servant when he vacates the post.

Page 159.—S. R. 263.—*Insert* the following rule as S. R. 263A:—

S. R. 263A. In this section—

(a) "Leave" means leave taken for a period not exceeding four months, other than leave preparatory to retirement. When such leave

is subsequently extended, the title to compensatory allowance will remain intact—

(i) when the total period does not exceed four months throughout the period;

(ii) otherwise, up to the date of expiry of the original leave or the date of sanction to the extension, whichever is earlier, if the extension is granted on medical certificate or the authority sanctioning the leave certifies that he is satisfied that the application for extension was necessitated by a genuine change of intention.

(b) "Temporary transfer" means a transfer to duty in another station which is expressed to be for a period not exceeding four months. For the purpose of this division it includes deputation. Subject to the limit of four months, the title to compensatory allowance, if the temporary duty is subsequently extended beyond four months in all, will remain intact up to the date of the orders of the extension.

Note.—Unless in any case it be otherwise expressly provided in these rules, joining time may be added to the period of four months provided in this rule.

Page 159.—S. R. 264.—*Substitute* the following for S. R. 264:—

S. R. 264. An allowance granted owing to the expensiveness of living, other than a grain compensation allowance or a house-rent allowance, may be drawn—

(a) during leave, if—

(i) the authority sanctioning the leave certifies that the Government servant is likely, on the expiry of the leave, to return to duty at the station from which he proceeds on leave, or at another station in which he will be entitled to a similar allowance; and

(ii) the Government servant certifies that he or his family or both resided, for the period for which the allowance is claimed, at any of the stations mentioned in sub-clause (i) above;

(b) during temporary transfer, if—

(i) the authority sanctioning the transfer certifies that the Government servant is likely, on the expiry of the temporary duty, to return to the station from which he is transferred;

(ii) the Government servant draws no allowance of the same kind in the post to which he is transferred; and

(iii) the Government servant certifies that he kept his family, for the period for which the allowance is claimed, at the station from which he proceeded on transfer.

Page 160.—S. R. 265.—*Substitute* the following for S. R. 265:—

S. R. 265. A house-rent allowance may be drawn during leave or temporary transfer if—

(a) the authority sanctioning the leave or transfer certifies that the Government servant

is likely, on the expiry of the leave or temporary transfer, to return to duty at the station from which he proceeds on leave or is transferred, or at another station in which he will be entitled to a similar allowance; and

(b) the Government servant certifies either—

(i) that he or his family or both continued to reside, for the period for which the allowance is claimed, in the station from which he proceeded on leave or was transferred, or

(ii) that he continued, for the period for which the allowance is claimed, to incur the whole or a considerable part of the expenditure on rent for which the allowance was granted.

Note 1.—(a) When a certificate is given under sub-clause (ii) above, the authority sanctioning the leave or transfer may direct that a part only of the allowance shall be drawn; and, when a certificate is given under either sub-clause (i) or sub-clause (ii), such authority may require the Government servant to satisfy it that he was unable, or could not reasonably be expected, to avoid the expenditure and may, if it is not so satisfied, direct that no part of the allowance shall be drawn.

(b) For the purposes of this certificate any expenditure on rent which is covered by receipts from a sub-lease shall not be deemed to have been incurred.

Note 2.—This rule does not apply to any Government servant admitted to the benefits of the Calcutta House Allowance Scheme, in so far as it is inconsistent with the rules governing that scheme.

Page 160—S. R. 265.—Insert the following as S. R. 265A:—

No. 2-1.—16th January 1933.—In supersession of notification No. 178, dated the 22nd August 1898 (published at pages 909-911, Part I of the *Calcutta Gazette* of the 24th August 1898), as amended by subsequent notifications, the following draft of rules and schedule of rates, which, in exercise of the power conferred by sections 78 and 99 of the Bengal Irrigation Act, 1876 (Bengal Act III of 1876), the Governor in Council intends to make, for the supply of water from the combined Damodar and Eden Canal (to be called the Damodar Canal), is hereby published for the information of the persons likely to be affected thereby.

2. The draft will be taken into consideration on or after the 20th February 1933 and any objections or suggestions received by the undersigned before that date will be duly considered:—

Draft rules and schedule of rates.

1. **Lease for a term of years.**—The country served by the Damodar and Eden Canals (hereafter called the Damodar Canal) shall be mapped out into blocks of convenient size in accordance with the features of the ground, natural or artificial. So far as may be practicable, the blocks shall be separated by drainage lines. This shall be done by the Subdivisional Canal Officers under the guidance and control of the Divisional Canal Officer.

2. Each block formed under rule 1 shall be numbered and recorded with its gross and irrigable areas in registers to be maintained by the Subdivisional Canal Officers. The blocks shall also be marked on maps to be maintained by such officers.

3. Leases for not more than seven years may be granted for the whole irrigable area of a block or for a definite part of a block under the following conditions:—

- I. Ordinarily the whole irrigable area of any village so far as situated within the block must be included in the lease. If the lands of a village within the block are divisible into two or more distinct parts which can be irrigated independently, a separate lease may be granted for each part.
- II. All leases within one block shall be so granted that they shall expire on the same date.
- III. No lease shall be granted when the supply of water must of necessity be delivered across an unleased area, except where a channel exists, which, in the opinion of the Subdivisional Canal Officer, will deliver water without waste across the unleased area.

4. The Chief Engineer shall fix from time to time the gross area for which, and the limits of the canal within which, leases for a term of years may be granted.

5. Maps of all villages in which leases have been taken for a term of years, or in which there is any prospect of such leases being taken, shall be kept in the Subdivisional Canal offices. These maps shall be drawn to a scale 32" = 1 mile when such are available, and elsewhere to a scale 16" = 1 mile.

6. Applications for long leases for the irrigation of any crop between the 15th June and the 31st March must be filed by the 1st of September, after which applications for long leases will not be received. The preliminary application for a new lease for a term of years, or for the renewal of such lease, shall be made in writing but may be of an informal nature. It may be presented and shall be received either at the Subdivisional or Sectional Canal office; in the latter case the Sectional Officer shall forward it immediately to the Subdivisional Canal Officer. The Subdivisional Canal Officer, as soon as he has, by personal enquiry or by an enquiry made by the Sectional Officer, satisfied himself that the land in question constitutes a definite block or a definite part of a block and that it can be irrigated, shall at once inform the Divisional Canal Officer giving such particulars as that officer may direct, and shall ask his formal approval to the lease being proceeded with. On receipt of such approval the Subdivisional Canal Officer shall forward the preliminary application to the Zilladar, in order that the detailed assessment may be taken in hand. The lands in respect of which the lease is to be granted shall be indicated on a copy of the map referred to in rule 5.

7. The Zilladar on receipt of the application shall prepare the detailed assessment paper (*khasra*) of the land with the aid of the district settlement map, the record-of-rights and the plot index if available. If there is no settlement map of the area, an amin shall make a sketch map and a *khasra* and shall measure the areas of the plots with a chain or measuring rod.

8. When the *khasra* is prepared the Zilladar shall forward it to the Subdivisional Canal Officer for approval.

9. As soon as the *khasra* has been approved by the Subdivisional Canal Officer, he shall return it to the Zilladar endorsed with his signature in token of approval.

The Zilladar shall then prepare a khatian or abstract of the *khasra*, and shall have the form of application, given in Appendix No. I to these rules, filled up and signed or marked by each of the applicants, in the presence of two witnesses.

When the application has been duly signed, the Zilladar shall send it to the Deputy Collector or other officer in charge of the revenue division hereafter called the Revenue Officer who after scrutiny will send it to the Divisional Canal Officer, by whom the permit or formal approval of the lease shall be signed and issued in the form given as Appendix No. III to these rules. The permit shall be made over to the representative of the cultivators by the Subdivisional Canal Officer by means of his Sectional Officer. The Divisional Canal Officer shall return the application to the Revenue Officer, with a copy of the permit for record.

10. If the cultivators of any block, with regard to which an application for a lease is being proposed, are not unanimous, and if some of them decline to sign the application the Zilladar shall report the matter to the Subdivisional Canal Officer. This officer shall hold a local enquiry, recording the statements of the persons who decline to sign and recording his personal opinion on the reasons given. He shall then send a report to the Divisional Canal Officer, who shall decide whether the lease may be accepted excluding the fields in the occupation of the persons who decline to sign, or whether the lease shall be declined. The Divisional Canal Officer is authorised to grant a lease when not less than 95 per cent. of the holders of the net irrigable area of the block have

signed the application. In particular cases should it be desirable to grant a lease even though an area larger than 5 per cent. of the block has not been signed for, this may be done on the written order of the Superintending Engineer. The reason for granting the lease shall be fully recorded.

11. **Covering leases.**—Applicants for a lease for a term of years who may require water before the lease has been concluded can obtain a supply on tendering an application for a covering lease in the form given in Appendix No. II to these rules. This application shall be signed in the presence of the Zilladar or some other responsible officer nominated for the purpose by the Subdivisional Canal Officer. The signatures of the leading cultivators in the block in question shall be obtained and they shall represent holders of not less than 75 per cent. of the irrigable land within the block.

As soon as the Subdivisional Canal Officer receives the application duly signed, he shall issue a permit in the form given in Appendix No. IV to these rules, and shall at once supply water.

12. **Kharif season leases.**—If a lease for which an application has been filed for a term of years is not concluded for any reasons and water has been supplied under a covering permit, the lease shall be treated as a kharif season lease and water rates charged in accordance with item 2 of the schedule of rates.

Kharif season leases may be granted within the areas set apart for long leases but holders of kharif season leases will not be entitled to water until the demands of the long-leased area have been met or there is surplus water. The rates to be paid will be in accordance with item 2 of the schedule of rates. These leases will expire on the 31st of October each year. Applications for kharif season leases may be presented to the Subdivisional Canal Officer or to the Sectional Officer. They must be in the form given in Appendix V to these rules. The permit for the supply of water in the form given in Appendix VI to these rules will be granted by the Subdivisional Canal Officer.

13. **Single watering leases.**—Applications for a single watering during the kharif season, may be entertained if water is available, after meeting the demand for the areas leased for a term of years. The applications may be presented at the Subdivisional Canal office or to the Sectional Officer. They must be in the form given in Appendix No. VII to these rules.

The application must be for a definite block and the signatures of the applicants must cover areas aggregating not less than four-fifths of the irrigable lands in the block.

If the Subdivisional Officer is able to supply water and accepts the application he will require the applicants to pay in advance one-half of the amount due on the areas entered in the application at the rate specified in the schedule of rates, and on this sum being paid he will at once issue a permit in the form given in Appendix No. VIII to these rules and will supply water. When the watering has been concluded the area actually irrigated shall be determined and the assessment shall be made on the areas actually watered within the limits of the block specified in the application and permit.

14. **Rabi season leases.**—Applications for water to irrigate spring rice or other crops excluding sugarcane between November and March inclusive, may be presented at the Subdivisional Canal office or to the

Sectional Officer. They must be in the form given in Appendix No. IX to these rules.

In the applications the areas for which water is required must be specified but the rate will be charged on those areas for which water is actually used as determined by measurement.

The permit in the form given in Appendix X to these rules will be granted by the Subdivisional Canal Officer if he is able to supply the water.

15. **Sugarcane season leases.**—Applications for water to irrigate sugarcane between the 1st November and the 31st March inclusive may be presented to the Subdivisional Canal Officer or to the Sectional Officer. They must be in the form given in Appendix XI to these rules.

In the applications the areas for which water is required must be specified but the rate will be charged on those areas for which water is actually used as determined by measurement. The permit in the form given in Appendix XII to these rules will be granted by the Subdivisional Canal Officer if he is able to supply the water.

16. **Single waterings in the hot weather.**—If water is available in the hot weather months it will be supplied in single waterings for the irrigation of any crop between 1st April and 14th June on the receipt of applications in form given in Appendix XIII to these rules: the Subdivisional Canal Officer will issue the permit in the form given in Appendix XIV to these rules.

17. **Supply of water.**—The Divisional Canal Officer shall control the supply of water throughout the division in his charge.

No water shall be supplied to any lands except such as have been brought under a lease for a term of years or for the season, or to such as are provided for by a covering lease or by a lease for a single watering.

18. Under the forms of Irrigation lease in use, no specific supply of water is promised: but the undertaking is to give such a supply to each lessee as may be necessary for the lands leased. The supply shall be given, as may be required for the proper cultivation of the crops under irrigation, according to the exigencies of the season.

19. The Divisional Canal Officer will give the required supply by rotation in accordance with the sanctioned ratil table and map where such exists. He is required to give the lessees written notice informing them of the periods when they will be supplied with water. No alteration is permitted in the table of rotation without the written sanction of the Superintending Engineer.

20. **Collection of water-rates.**—The rates due for water supplied shall be collected by the Revenue Officer through his staff of Zilladars, Tahsildars and peons. All khatians or demand statements shall be signed by the Revenue Officer after scrutiny in his office.

21. At the time of preparation of the khatian in the Zilladar's office, each person assessed shall be furnished with an extract from the assessment paper, showing the particulars of the charge against him. This extract shall be furnished in such form as may from time to time be approved for the purpose.

22. Each person on paying the sum due from him shall be given a receipt in the form prescribed for the purpose.

23. For the purposes of account, control over establishment and general administration, the Revenue Officer is in the position of an Executive Engineer in charge of a division, and is directly subordinate to the Superintending Engineer. In regard to any proceedings taken under the Bengal Public Demands Recovery Act, 1913, the Revenue Officer is subject to the control of the Collector of the district.

24. **Unauthorised use of water and waste of water.**—If it is necessary to take action under the provisions of sections 79 and 80 of the Act, proceedings shall be instituted only under the direct and special order of the Divisional Canal Officer. The primary record of the facts regarding the unauthorised use or the waste of water shall be made by the Subdivisional Canal Officer and his subordinates. The parties whom it is proposed to assess shall be informed in writing, and shall be called on to show cause why they should not be assessed. The record of their statements shall be made by the Divisional or by the Subdivisional Canal Officer. The Divisional Canal Officer shall consider the facts and statements recorded, and shall, in deciding the case, give his reasons for or against the assessment, both as regards the facts and as regards the law; and he shall determine the rate to be charged in accordance with the provision in the schedule of rates attached to these rules.

25. Should the Divisional Canal Officer decide on making an assessment, he shall have the assessment papers prepared by the Subdivisional Canal Officer and his staff. Each person assessed shall be furnished with a statement of the charge against him, and an abstract of the demand or khatian shall be sent to the Revenue Officer, who shall proceed to recover the sums assessed. The period of one month within which an appeal may be presented to the Collector under section 91 of the Bengal Irrigation Act, 1876 (hereinafter referred to as the Act) shall count from the date on which the order of the Divisional Canal Officer is received by the person assessed, which date shall be endorsed on the order.

26. No proceedings shall be instituted if the unauthorised use or the waste of water have occurred through the act or neglect of a Canal Officer or a subordinate employed on the canal.

27. **Complaints and applications.**—All complaints or applications with respect to the supply of water, defective drainage, and generally all matters relating to the administration of the canals, shall be received on presentation at either the Divisional or Subdivisional Canal offices.

Complaints and applications received by a Divisional Canal Officer may be transferred to his Subdivisional Canal Officers for disposal at his discretion.

Any such complaints or applications, if presented to the Revenue Officer or to his staff, shall be returned endorsed with instructions as to the proper office at which to present them. If received by post, they shall be at once forwarded to the Divisional or Subdivisional Canal Officer.

28. Complaints or applications with respect to corrections of the assessment, the actions of the amins in assessing and the actions of the Tahsildars and other staff employed in collection shall be received at the office of the Revenue Officer, or at the Zilladars' offices.

29. Receipts in the prescribed form shall be given at all offices for complaints or applications presented. The receipt of all complaints and applications shall be recorded in registers to be kept for that purpose.

30. The officer receiving the complaint or application shall either make a personal enquiry into the matter or he shall nominate in writing some responsible person to hold the enquiry.

31. The orders passed on all complaints or applications shall be in writing, and a copy of every order shall be furnished to the complainant or applicant.

The copy of an order may be sent by registered post if this is convenient.

The period within which an appeal may be presented under section 91 of the Act shall be reckoned from the date on which the copy of the order is received by the person.

32. When an appeal to the Collector is from the order of a Sub-divisional Canal Officer, the records of the proceedings shall be obtained through the Divisional Canal Officer, who may endorse such remarks as he may think desirable, provided that he does not thereby detain the proceedings.

In all cases in which an appeal against an assessment is preferred to the Collector, he may, if he thinks fit, direct that the collection of water-rates be suspended till the appeal is disposed of.

33. The Divisional Canal Officer is empowered to revise the proceedings of his Subdivisional Canal Officers, and the Superintending Engineer is empowered to call for and to revise the proceedings of all officers under his control.

34. **Remissions and alterations of demands.**—Whenever the crop on any land entitled to a supply of water suffers material injury from an insufficient supply of water, or from any interruption in the supply of water, remission of the rate due on such crop shall be given by the Divisional Canal Officer, provided that the person claiming such remission shall have applied for it not less than 15 days before the reaping of the crop.

35. On the occasion of lands being brought under a lease for a term of years, the Divisional Canal Officer is empowered to remit the rates for the first season on those fields which from the nature of the cultivation then obtaining, or from other causes, have not in that season derived any benefit from the supply of canal water.

36. Should the crop on lands under lease for a term of years suffer material injury from excess of water due to deficient drainage, the Divisional Canal Officer may grant remission of the rates due on such lands in whole or in part, provided that the person asking for remission shall have applied at least 15 days before the reaping of the crop.

37. Revisions of the assessment required in consequence of land under lease being left uncultivated or of land being appropriated for purposes other than cultivation shall be made under the orders of Divisional Canal Officer.

38. Revision of the assessment required in consequence of incorrect entries of the names of occupants of lands under lease or of incorrect entries of areas or amounts in the assessment papers, or required by changes in the occupation of lands shall be made under the orders of the Revenue Officer, provided that no change involving any increase or decrease in the total area under lease for a term of years shall be made without the concurrence of the Divisional Canal Officer.

39. Remissions of water-rates on account of injury to the crops caused by inundation, blight, storms or any extraordinary cause or for any other reason will only be allowed under the special orders of the Local Government.

40. **Irrecoverable demands.**—The Superintending Engineer is empowered to sanction the writing-off of those demands which are reported, after due enquiry by the Revenue Officer, as irrecoverable owing to the poverty of the defaulter or his successors in case of his death, or owing to the defaulter having absconded.

41. **Cultivators' representatives.**—Whenever the preliminary application for a lease for a term of years has been approved by the Divisional Canal Officer, the Revenue Officer shall, with the concurrence of the Subdivisional Canal Officer, select as representative of the cultivators a suitable person or persons who shall generally be acceptable to the cultivators and who shall each have a direct interest in the land for which the lease is executed.

42. The person or persons so selected shall be required to give assistance to the Canal Officers in respect of the following matters:—

- (i) In the preparation of the applications for leases.
- (ii) In the measurement of the irrigated lands.
- (iii) In recording the names of the occupiers of the holdings.
- (iv) In receiving demand statements and distributing to the cultivators the individual notices of assessment.
- (v) In attending, when required, at enquiries into complaints.
- (vi) In reporting to the Zilladars any changes in the occupancy of lands under lease.
- (vii) In assisting the Tahsildar in collecting rates.

43. For such assistance the cultivators' representative or representatives shall be entitled to free irrigation of the lands in his or in their own occupation, which may lie within the boundaries of the leased area subject to a total limit of 3 per cent. of the area assessed. The Revenue Officer may disallow in whole or in part this free irrigation, and may recover the rates which would otherwise have been payable in whole or in part if the assistance specified in rule 42 has not been efficiently rendered. The reasons for such disallowance shall be recorded in writing.

44. The Revenue Officer shall maintain in his office a register containing a record of the names of all representatives and of the areas of free irrigation allowed to each.

45. Applicants for single waterings for season leases shall be required to nominate one of their number who must have a substantial interest in the land to be irrigated as their representative. The representative so nominated shall perform the same duties as stated in rule 42 and shall receive remuneration on the same scale as in rule 43.

46. **Power to decline or cancel leases.**—Should it be proved, after due enquiry, that the supply of water given to any leased area is habitually wasted or used for the irrigation of lands not under lease, it shall be competent for the Superintending Engineer to direct that the lease shall be cancelled with effect from the 1st of June next following. The order to cancel a lease shall be passed before the 1st of April of the year in which it is to take effect.

47. The Superintending Engineer may give directions to the Divisional Canal Officer to decline applications for irrigation leases of lands in villages where there has been persistent difficulty in realizing the water-rates, until all arrears have been paid.

He may further suspend, or altogether cancel, any leases for a term of years, if on the 1st June of any year, water-rates to the extent of half the demand for one year are in arrears. Previous notice of intention to put this rule in force shall be given not later than the 15th April preceding.

48. Tanks may be filled with canal water without charge, wherever water can be made available without injury to the cultivation dependent on a canal under the following conditions:—

- I. No tank shall be filled unless the water is to be used exclusively for domestic purposes or for watering cattle.
- II. No tank shall be filled from which irrigation is practised.
- III. No tank shall be filled which intercepts any line of drainage or is liable to overflow from the accumulation of water from natural causes.
- IV. No tank shall be filled except on the written order of the Subdivisional Canal Officer issued on the written application of the persons concerned.
- V. No tank shall be filled unless the channel used to convey water to it shall be shown to the satisfaction of the Subdivisional Canal Officer to be in a sound condition when the application is made.
- VI. The privilege here accorded may, by the written order of the Subdivisional Canal Officer, be suspended for twelve months for the breach of any of the above rules.

49. Except when a public right of way exists, no person shall, without the permission expressed in writing of the Divisional or Subdivisional Canal Officer, pass himself or cause any animal or vehicle to pass, on or across any of the works, banks or channels of a canal or drainage work which is part of the canal system except by means of such bridges, fords and ferries as may have been provided for the purpose.

Any person who, after due warning, commits a breach of this rule may be proceeded against under section 93, clause (9) of the Act.

50. The use of any part of the banks or berms of any canal, drainage work which is part of the canal system, or flood embankment which is subject to the provisions of the Act, as a place for relieving the calls of nature is prohibited. Any person who after due warning commits a breach of this rule may be proceeded against under section 93, clause (9) of the Act.

51. When tanks which are used both for irrigation and domestic purposes are filled with canal water, a charge at the rate of rupee one will be made for each 10,000 cubic feet or part of 10,000 cubic feet of water supplied.

The Divisional Canal Officer may supply water for manufacturing or other purposes and charge for the same at the rate of Rs. 2 for each 10,000 cubic feet or part of 10,000 cubic feet of water supplied. The same charge will be made if water is taken into a tank without authority or used in an unauthorised manner.

52. No officer employed on the canals, unless especially exempted by the Governor in Council from the operation of this rule, shall have any interest in the distribution of water from any of the canals or purchase or bid for any Government property sold thereon either in his own name or in the name of another, or jointly, or in shares with others.

No. 1450G.—In modification of the notification No. 1098 G (n), dated the 7th September 1932, published in the *Calcutta Gazette*, Part I, dated the 15th September 1932, the following amendment which has been made in Chapter V, Part II of the "Rules of the High Court, Appellate Side, Calcutta, 1922," regarding the appointment of the Deputy Registrar as guardian *ad litem* of minor respondents in certain circumstances, is published for general information:—

Insert the following as Rule 30A, in Chapter V, Part II, at page 27:—

"The notice to a minor, of the proceedings in this Court, whether such minor was a party in the courts below or is substituted in this Court, shall, in the first instance, be served on a guardian to be proposed who must either be the certificated guardian or in his absence the natural guardian. When the notice is served on the certificated guardian, no further action will ordinarily be taken. But if the notice is served on the natural guardian and he does not appear in the case within twenty-one days after the date of service of the notice, the matter shall be brought to the notice of the Registrar with a view to the appointment of the Deputy Registrar as guardian *ad litem* of the minor in question. This Rule shall apply to all appeals and revision cases which may have been pending in the High Court on the 14th November 1932; provided that as regards all such cases as may have been pending before that date such representation of minors concerned therein as was or could be considered valid on that date but for this Rule will not be, merely by reason of it, invalidated."

Rules of business under section 32 of the Local Self-Government Act.

Clause (a).

Meetings.—Rule 1. If the Chairman is temporarily absent from his duties, or if the office of Chairman is temporarily vacant, the duties of the Chairman under these rules shall be performed by the Vice-Chairman.

Rule 2. Meetings shall be either ordinary or special.

Rule 3. An ordinary meeting of the Alipur Duar local board shall be held on the first Wednesday of every month: Provided that if the first Wednesday of any month falls on a gazetted holiday, or on the first day of the month, then on the second Wednesday or if for any other reason it is deemed inconvenient, the Chairman may fix another day for the ordinary meeting of the Board. If there is not enough business the Board may hold meetings at greater intervals than a month.

Rule 4. A special meeting of the Alipur Duar local board may be called at any time by the Chairman. The Chairman shall be bound to call a special meeting on a requisition signed by one-fourth of the total number of members.

Rule 5. The subjects referred to in rule 65 of Part IV of the General Rules, and in section 29 of the Act shall be dealt with at special meetings only.

Rule 6. All other subjects which come within the province of the Alipur Duar local board, may be dealt with at either ordinary or special meetings.

Rule 7. Meetings shall be held at the office of the Alipur Duar local board or at such place as the Chairman may from time to time determine.

Rule 8. The notice under rule 67 of the General Rules shall be sent by post or by such other method as may be convenient: Provided that if a local newspaper be published at the headquarters of the Alipur Duar local board, the Board, by a resolution duly passed, may decide that the publication of such notice in the newspaper in question shall be sufficient.

Rule 9. Notices of motions accompanied by *verbatim* drafts must be sent to the Chairman, or the Vice-Chairman in time to be included in the list of business for the next meeting. Notices received too late shall be inserted in the list of business of the next succeeding meeting.

Rule 10. A notice book shall be kept by the Chairman of the Alipur Duar local board, in which all notices of motions shall be entered. All such notices shall be dated and numbered as received.

Adjourned meetings.—Rule 11. An adjourned meeting is not competent to transact any business save that which the original meeting left unfinished.

Rule 12. An adjourned meeting being merely a continuation of the original meeting, does not require any fresh notice.

Clause (b).

Conduct of proceedings at meetings, etc.—Order of business.—Rule 13. At ordinary meetings, the business shall be conducted in the following order:—

(a) The minutes of the last ordinary meeting, and of any special meeting held since, shall be read and, if approved as correctly entered, shall be signed by the Chairman of such meeting.

• Rule 15. In the event of any objection being raised to the manner in which any resolution has been recorded, the Chairman shall decide the question after reference to the original drafts of the resolution; and if he finds the minutes to be inaccurate, shall make the necessary correction in the minute book.

Rule 16. Unless by permission of the majority of the meeting, all subjects shall be discussed in the order in which they appear in the notice paper.

Rule 17. Any member may ask a question or questions to the Chairman relating to the affairs of the Alipur Duar local board. A written notice of such questions together with a copy thereof, shall be sent to the Chairman at least seven days before the day of the meeting. On the day of meeting and before other business commences, the Chairman may at his discretion read out his answer, if any, or lay a written copy of his answer on the table. No debate shall be allowed on any question.

Motions and amendments.—**Rule 18.** Every motion and amendment duly moved must be seconded and until seconded no debate thereon can take place.

Rule 19. Every motion and amendment, after being reduced to writing, under rule 74 of the General Rules, shall be signed by the proposer and seconder before being put to the vote.

Rule 20. Every amendment shall be so worded as to be capable of making an intelligible sentence either alone or in its proper place in an original motion, as the case may be: Provided that no amendment can merely negative the original motion.

Rule 21. The President of the meeting may, for reason or reasons to be recorded in writing and entered in the minutes of the proceedings—

- (a) rule that a motion or amendment is illegal or out of order, and
- (b) make such alterations in a motion or amendment as shall, in his opinion, render it legal, and in order,

Rule 22. After a motion has been moved and seconded an amendment may be moved at any stage of the debate thereon.

Rule 23. On the discussion being concluded in the event of several amendments having been proposed, the President shall put the last amendment to the vote first: if it is negatived, he shall put the last preceding amendment; and lastly, the first amendment: and if all the amendments are lost, the original proposition shall be put to the vote.

Rule 24. When a motion or an amendment has been put from the Chair and been declared by the President to be duly carried, no further proposals for amending the motion or amendment can be entertained.

Right to speak.—**Rule 25.** The President may require members to stand when they address the meeting.

Rule 26. The member who first addresses the meeting shall be entitled to be heard first; and should more than one member rise to address the meeting at the same time, the order of precedence shall be determined by the President.

Rule 27. Any member shall be at liberty to call the attention of the President to a point of order, even when a member is speaking. On a point of order being raised, the member addressing the meeting shall resume his seat until the question has been decided by the President. After the decision of the President the same point of order cannot be raised again. Except as provided by this rule, no member shall interrupt a speaker in possession of the meeting.

Rule 28. Except as provided in the last preceding rule, no member shall speak except to move or second a motion or amendment, or to support or oppose a motion or amendment which has been duly moved and seconded.

Rule 29. A speaker who has exhausted his right to speak on an original motion, may speak on any amendment being moved, as that raises a new question.

Rule 30. The mover of a motion or amendment shall in all cases have a right of reply, but otherwise no member shall speak more than once on the same motion or amendment, unless in explanation of some part of his original speech.

Rule 31. Unless not less than two-thirds of the members of the board consent by signing a requisition, no subject once finally disposed of can be reconsidered within six months.

Note.—Such requisition must be signed by at least two-thirds of the total number of members constituting the board when complete.

Rule 32. When any business, of which notice has not been given, is considered at a meeting the decision recorded or resolution adopted at such meeting shall be of no effect unless and until it is confirmed at the next succeeding ordinary meeting, or at a special meeting called expressly for the purpose.

Rule 33. For the purpose of taking into consideration business involving many details, the meeting may resolve itself into a committee of the whole body. When this has been determined on, the rule prohibiting any person from speaking more than once on the same question shall be deemed suspended until the meeting resumes.

Rule 34. When a motion or amendment is put to the vote, the President shall record against it first the names of members voting for it and then the names of those voting against it.

Rule 35. Voting by proxy is prohibited: and no member may vote upon any motion or amendment unless he be present in person at the time when it is put to the vote.

Protests or dissent.—**Rule 36.** Protests must be limited to a concise and definite statement of the motive which prompted the votes of members who voted in the minority on a given question.

Rule 37. Protests must be handed to the Chairman before the conclusion of the meeting at which a resolution protested against was passed.

Rule 38. Protests duly made shall be appended to and published with the minutes.

Adjournments.—Rule 39. It shall be competent to any member to move the adjournment of the debate or of the meeting in a speech not exceeding five minutes in duration.

Rule 40. When a motion for the adjournment of the meeting or of a debate is made, it shall be seconded without a speech and put by the Chairman to the vote without debate or amendment.

Rule 41. No motion for the adjournment of the meeting or of a debate shall be admissible which proposes an adjournment beyond the next ordinary meeting.

Clause (c).

Rule 42. The local board, Alipur Duar, from time to time may appoint out of its members, such and so many committees, either of a general or special nature and consisting of such number of persons as they think fit, for any purposes which in the opinion of the board, can be conveniently regulated and managed by means of such committees; but the acts of every such committee shall be submitted to the Board for their approval.

Rule 43. Local board, Alipur Duar, from time to time may delegate to one or more of its members the duty of inspecting any work which is being carried out under its orders, or any institution under its control and management.

Rule 44. Every question at a meeting shall be determined by a majority of votes of the members present and voting on that question.

Rule 45. In case of an equal division of votes, the Chairman shall have a second or casting vote.

Rule 46. The general superintendence and control of the establishment maintained by the local board, Alipur Duar, shall vest in and be exercised by the Chairman.

Note.—“Establishment” includes the overseers and sub-overseers employed by the local board, Alipur Duar, as well as all other staff employed.

Rule 47. Subject to any resolution which the local board, Alipur Duar, may from time to time pass, the general powers of control and administration which are vested or may be vested in the board under Part III, Chapter I of the Act, shall be exercised by the Chairman.

Rule 48. Subject to any resolution which the local board, Alipur Duar, may pass from time to time, the general powers of control over the proceedings of inferior local authorities, conferred on the local board, Alipur Duar, by the Act, may be exercised by the Chairman.

Rule 49. The powers of the Vice-Chairman shall be such as the Chairman may, by any order in writing, delegate to him from time to time. Such powers may at any time be withdrawn or modified by an order similarly made: Provided that nothing done by the Vice-Chairman with the express or implied consent of the Chairman shall be invalid for want of such written order.

Note.—The Vice-Chairman has no power except such as may be delegated to him by the Chairman. The Vice-Chairman cannot delegate any power to another member.

Rule 50. Receipts for money received under the Act shall be signed by the Chairman or Vice-Chairman of the board.

Rule 51. In addition to the details required on the previous page, clear information should be given below under the following heads:—

(a) If the ordinary surplus is insufficient to meet the charges of the proposed loan, the particular steps which the municipality has taken or has agreed to take in order to make good the deficiency.

(b) The reserve of taxation or other possible means of increase in the revenues of the municipality. The rates at which each of the taxes mentioned in column 12 on the previous page are levied, other than tax on persons, should be stated here.

(c) A statement of all outstanding loans specifying, in respect of each loan, the date when taken, the purpose (very briefly), the amount, the annual charges involved, and the amount still payable.

(d) Any explanation in regard to receipts and expenditure to show the true financial position of the municipality when such position is otherwise than the ordinary surplus would indicate.

(a) A water-rate has been levied at 6 per cent. on the annual value of holdings without water connections and at $7\frac{1}{2}$ per cent. on holdings having water connection. This, together with the surplus of the rate realised from waterworks on the west of the river Lakshya, will go to meet the charges of the proposed loan for the east side waterworks.

(b) The increase in the revenue by the imposition of water-rate as above in the usual way. The house tax is levied at $6\frac{1}{2}$ per cent. on the annual value of holdings. The latrine tax on a scale sanctioned by Government (*vide* page 80 of Government of Bengal, Local Self-Government Department resolution reviewing the reports on the working of Municipalities in Bengal, during the year 1929-30).

(c) A loan of Rs. 75,000, being the First instalment of the estimated cost of Rs. 2,07,500, was received from the Government on the 20th February 1930 and the second instalment of Rs. 28,000 on 4th December 1931 for the waterworks extension scheme for the east side of the river Lakshya; the annual charges involved on the loan is Rs. 8,880-8 and the amount still payable is Rs. 96,860-9.

(d) The municipality has Rs. 32,049 in sinking and waterworks improvement fund kept apart from the ordinary fund. There was a non-recurring special expenditure during the year 1930-31 amounting to Rs. 8,025 for purchase of motor lorries for conservancy works. Hence there is no surplus in receipt as noted in column 20. Such expenditure is not expected during the next three years.

Burdwan.—No. 115P.H. — 23rd January 1933.—Whereas the Government of Bengal (Ministry of Local Self-Government) are satisfied that the area known as the Asansol Mining Settlement, in the Asansol subdivision of the district of Burdwan, is threatened with an outbreak of small-pox.

Now, therefore, in exercise of the power conferred by section 2A, read with sub-section (1) of section 2 of the Epidemic Diseases Act, 1897 (Act III of 1897), the Government of Bengal (Ministry of Local Self-Government) are pleased to prescribe the following temporary regulations for the prevention and control of small-pox, and for the medical inspection, isolation, observation and surveillance of persons suffering from, or

suspected of being infected with, small-pox in the said area until the 31st December 1933:—

3. If in any case the Chief Sanitary Officer considers that the issue of a notice is likely to lead to such an amount of delay as might facilitate the spread of small-pox, he may forthwith take such steps as he may think fit for carrying out the work, and shall thereafter as soon as possible issue a notice on the person concerned stating the reason why such work has been carried out.

4. If any measure which the Chief Sanitary Officer has, by a notice issued under any of these regulations, required to be carried out, be not carried out to his satisfaction within the time stated in the notice, the Chief Sanitary Officer shall be entitled to carry out the measure.

Cost and Compensation.

5. Provided that where the conditions which led the Chief Sanitary Officer to pass such an order, are not attributable to the act or default of the person in possession of the property, the Board may pay to such person the whole or part of the expenses incurred by him in carrying out the order.

(2) The Board may recover all expenses incurred by the Chief Sanitary Officer in carrying out the measures under regulation 4 from the person or persons to whom the notice was originally issued.

6. The Board shall pay adequate compensation to any person who has sustained substantial loss or damage by reason of anything done under these regulations:

Provided that no person shall receive any compensation for anything done or suffered under these regulations, if he has failed to carry out an order issued under these regulations within the time specified in the order or to the satisfaction of the Chief Sanitary Officer.

8A. (1) Every medical practitioner called in to attend upon any case of small-pox shall forthwith give notice of the case by a special messenger to the nearest member of the outdoor staff of the Mines Board of Health and to the Chief Sanitary Officer by post and the cost in each case shall be defrayed by the Board.

(2) The doctor in charge of a hospital within the Mining Settlement shall forthwith give notice of any case of small-pox admitted into the hospital by a special messenger to the nearest member of the outdoor staff of the Mines Board of Health and to the Chief Sanitary Officer by post and the cost in each case shall be defrayed by the Board.

12. The Chief Sanitary Officer may examine any person who is, or is suspected to be, suffering from small-pox or who, in his opinion, may be infected with or likely to spread small-pox.

14. When the Chief Sanitary Officer considers that the isolation of any person suffering from small-pox and residing in a building in the possession of, or under the control of, the owner, agent or manager of a colliery, is necessary, he may order the owner, agent or manager of such colliery to isolate such person in such a manner and for such a time as may be approved of by the Chief Sanitary Officer.

15. The Chief Sanitary Officer may order that any person, who has been in contact with a person found to be suffering from small-pox, shall be segregated for a period not exceeding twenty-one days in a manner and in a place to be approved by the Chief Sanitary Officer.

19. No person shall enter any place wherein persons are isolated or segregated under regulation 13 or 14, without the permission of the Chief Sanitary Officer.

20. The Board shall provide, free of charge, suitable places with necessary attendants, diet, food, etc., for persons isolated or segregated by order by the Chief Sanitary Officer; and the Chief Sanitary Officer may certify places provided by private individuals as being fit for the purpose of isolation or segregation of persons under regulation 13 or 14 as the case may be.

21. (1) When the Chief Sanitary Officer under regulation 13 or 14 has ordered the isolation or segregation of any person residing upon any colliery lands, the Chief Sanitary Officer, may notify the fact in writing to the owner, agent or manager of such colliery.

(2) If such person disobeys the order, such owner, agent or manager shall furnish to the Chief Sanitary Officer immediate intimation of the movements of that person.

22. No person, who is or has been suffering from small-pox, shall leave the place where he has been staying until he has received from the Chief Sanitary Officer written permission to do so.

23. 26. The Chief Sanitary Officer may order any owner, agent or manager of a mine to provide such hospitals, temporary shelters or house accommodation within such a time as the Chief Sanitary Officer may approve for the purpose of isolating, segregating or accommodating, under regulations 13, 14, 15, 16 and 25, persons residing in any building in the possession of or under the control of such owner, agent or manager of a colliery.

CALCUTTA, THE 20TH JANUARY 1933.

RESOLUTION—No. 326 Com.

The supply of articles required for the public service in Bengal is regulated by the rules issued with this department resolution No. 5606-Com., dated the 20th August 1926, which were framed on the lines of the Stores Purchase Rules for the Central Government and Provinces other than Governors' Provinces, promulgated with the resolution of the Government of India, Department of Industries and Labour, No. S-217, dated the 6th May 1924, with certain modifications which were considered necessary to meet the requirements of this province. The policy underlying the rules was the encouragement of the industries of the country without sacrificing economy. With a view to encouraging the development of the industries of the country to the utmost extent consistent with economy and efficiency, the Government of India decided to replace the arrangements existing under the Department of Industries and Labour resolution No. S-217, dated the 6th May 1924, for the supply of articles for the public service by a system of rupee tenders for delivery in India. To give effect to that policy the Government of India, with the Department of Industries and Labour, resolution No. S-217, dated the 12th December 1929, promulgated revised rules to regulate the purchase of stores by all departments and officers of the Central Government and of the Provinces other than Governors' Provinces, and in forwarding a copy of the revised rules asked the local Government to consider the desirability of revising the rules regulating the purchase of stores in Bengal on the same lines.

2. In the revised rules framed by the Government of India, no financial restrictions have been placed on local purchase by the officers under the Government of India, and Provinces other than Governors' Provinces, and a limited preference is allowed in respect of price to articles produced in India. The Government of Bengal, in accepting the suggestion of the Government of India, decided similarly to liberalise the existing rules as regards the powers of purchase by local officers, and to allow a limited degree of preference in respect of price to articles produced or manufactured in Bengal. After considering the replies from the various commercial bodies in this Presidency and the several departments of Government which were consulted on the draft rules, the Governor in Council, acting with his Ministers, is pleased to direct that the rules appended to this resolution shall regulate the purchase of stores (other than printing and stationery stores) by all departments and officers under the Government of Bengal, with effect from the 1st March 1933. These rules supersede those promulgated with this Government resolution No. 5606-Com., dated the 20th August 1926. In the interval stores may be purchased in accordance with these rules whenever it is found convenient to do so.

Local officers are empowered under these rules to make purchases subject only to budget provision and to the general restrictions on the purchasing powers of officers imposed by paragraphs 116 and 116A of the Bengal Audit Manual. Any items exceeding the financial limits of purchasing officers will require the sanction of Government, but in according such sanction no consideration will arise as to the origin of the stores.

Order.—Ordered that this resolution be forwarded to the several departments of this Government, all heads of departments and officers and the Accountant-General, Bengal, for information.

Ordered also that this resolution be forwarded to the Chambers of Commerce and Associations, and that it be published in the *Calcutta Gazette*.

By order of the Governor in Council,

R. N. GUICHERIST,

Joint Secy. to the Govt. of Bengal.

Rules for the supply of articles required to be purchased for the public service.

Preamble.—The policy of the Government of Bengal is to make their purchases of stores for the public service in such a way as to encourage the development of the industries of the country to the utmost possible extent consistent with economy and efficiency, and the following rules, which are applicable to the purchase of stores (other than printing and stationery stores) for the departments under the Government of Bengal are prescribed in accordance with this policy. These rules supersede all previous orders on the subject.

In order to give effect to the above policy preference in making purchases will be given in the following order:—

First, to articles which are produced in India in the form of raw materials, or are manufactured in India from raw materials produced in India, provided that the quality is sufficiently good for the purpose;

Secondly, to article wholly or partially manufactured in India from imported materials provided that the quality is sufficiently good for the purpose;

Thirdly, to articles of foreign manufacture held in stock in India, provided that they are of suitable type and requisite quality;

Fourthly, to articles manufactured abroad which need to be specially imported.

Departments of the Government of Bengal, or officers specially authorised in this behalf, may, when they are satisfied that such a measure is justified, allow a limited degree of preference in respect of price to articles produced or manufactured in Bengal or alternatively elsewhere in India either wholly or in part.

Rule 1.—Save as provided in rule 7, all articles required to be purchased for the public service shall be purchased on the condition that delivery shall be made in India, for payment in rupees in India.

Rule 2.—Tenders shall be invited in India, and abroad also when considered desirable, for the supply of all articles which are purchased under rules 1 to 4, wherever the value of the order is placed is Rs. 250 or more unless there are sufficient reasons to be recorded which indicate that it is not in the public interest to call for tenders. No tender which fails to comply with the condition as to delivery and payment prescribed in rule 1 shall be accepted.

In cases where the tender which is *prima facie* the most economical is not accepted, the reason for its non-acceptance should be recorded.

NOTE.—The principles regarding contracts and tenders are enunciated in revised rule 40A of the Bengal Financial Rules and should be followed strictly in all cases of contracts and tenders. (Finance Department notification No. 1568 F., dated the 10th April 1930.)

Rule 3.—All articles, whether manufactured in India or abroad, shall be subject to inspection before acceptance, and articles for which specifications and/or tests have been prescribed by Government shall be required to conform to such specifications and/or to satisfy the prescribed test or tests which may be carried out during manufacture or before or after despatch from the suppliers' premises.

NOTE.—Copies of the lists of specifications and tests may be obtained direct from the Chief Controller of Stores, Indian Stores Department. The Government of Bengal have adopted these specifications and tests for general use.

Rule 4.—Important plant, machinery and iron and steel work, when obtained in India, shall be obtained only from firms approved by the Chief Controller of Stores, Indian Stores Department, and specified in the lists issued by him from time to time.

Rule 5.—In the case of important construction works let out on contract, articles required for the construction of such works may be supplied by the contracting firm provided that when specifications and/or tests have been prescribed for such articles they shall conform to such specifications and/or shall satisfy such tests.

Rule 6.—Nothing in these rules shall be deemed to prohibit the purchase of stores by one department from another.

NOTE.—All articles manufactured in jails as mentioned in the catalogue to be issued annually must ordinarily be obtained from the jails and may only be purchased from private firms if the cost of buying articles in this way is materially less than that of obtaining them from the jails after taking cost of transport into account.

Rule 7.—The articles enumerated in Annexure A, or any other articles of a special or unusual character, may, when suitable and economical purchases cannot be made in accordance with the preceding rules, be obtained without reference to those rules subject to the following conditions:—

(a) Where the value of the purchase exceeds Rs. 5,000, the purchasing officer shall place on record his reasons for not effecting the purchase in accordance with the preceding rules.

(b) The purchasing officer may, at his discretion, either obtain the article that he requires by indent on the India Store Department, London, or purchase it direct from manufacturers or dealers abroad. When resort is had to direct purchase from manufacturers or dealers abroad, tenders shall, whenever practicable, be first obtained.

(c) When articles are purchased abroad under this rule through the agency of the India Store Department, London, payment shall be made by that department. In other cases payment shall be made—

- (i) in countries other than Great Britain and Northern Ireland, direct to the suppliers by the purchasing officer,
- (ii) in Great Britain and Northern Ireland, through the High Commissioner for India.

Copies of all indents from abroad should be sent direct to the Chief Controller of Stores, Indian Stores Department, and the Director of Industries, Bengal, either before despatch or simultaneously with their despatch for scrutiny in order that he may suggest means of obtaining the articles locally, if possible.

NOTE.—This rule does not extend the financial powers of officers to make purchases of any kind as laid down in paragraphs 116 and 116 (a) of the Bengal Audit Manual.

IRRIGATION DEPARTMENT.

NOTIFICATION.

No. 2-I.—16th January 1933.—In supersession of notification No. 178, dated the 22nd August 1898 (published at pages 909-911, Part I of the *Calcutta Gazette* of the 24th August 1898), as amended by subsequent notifications, the following draft of rules and schedule of rates, which, in exercise of the power conferred by sections 78 and 99 of the Bengal Irrigation Act, 1876 (Bengal Act III of 1876), the Governor in Council intends to make, for the supply of water from the combined Damodar and Eden Canal (to be called the Damodar Canal), is hereby published for the information of the persons likely to be affected thereby.

2. The draft will be taken into consideration on or after the 20th February 1933 and any objections or suggestions received by the undersigned before that date will be duly considered:—

Draft rules and schedule of rates.

1. **Lease for a term of years.**—The country served by the Damodar and Eden Canals (hereafter called the Damodar Canal) shall be mapped out into blocks of convenient size in accordance with the features of the ground, natural or artificial. So far as may be practicable, the blocks shall be separated by drainage lines. This shall be done by the Subdivisional Canal Officers under the guidance and control of the Divisional Canal Officer.

2. Each block formed under rule 1 shall be numbered and recorded with its gross and irrigable areas in registers to be maintained by the Subdivisional Canal Officers. The blocks shall also be marked on maps to be maintained by such officers.

3. Leases for not more than seven years may be granted for the whole irrigable area of a block or for a definite part of a block under the following conditions:—

- I. Ordinarily the whole irrigable area of any village so far as situated within the block must be included in the lease. If the lands of a village within the block are divisible into two or more distinct parts which can be irrigated independently, a separate lease may be granted for each part.
- II. All leases within one block shall be so granted that they shall expire on the same date.
- III. No lease shall be granted when the supply of water must of necessity be delivered across an unleased area, except where a channel exists, which, in the opinion of the Subdivisional Canal Officer, will deliver water without waste across the unleased area.

4. The Chief Engineer shall fix from time to time the gross area for which, and the limits of the canal within which, leases for a term of years may be granted.

5. Maps of all villages in which leases have been taken for a term of years, or in which there is any prospect of such leases being taken, shall be kept in the Subdivisional Canal offices. These maps shall be drawn to a scale $32'' = 1$ mile when such are available, and elsewhere to a scale $16'' = 1$ mile.

6. Applications for long leases for the irrigation of any crop between the 15th June and the 31st March must be filed by the 1st of September, after which applications for long leases will not be received. The preliminary application for a new lease for a term of years, or for the renewal of such lease, shall be made in writing but may be of an informal nature. It may be presented and shall be received either at the Subdivisional or Sectional Canal office; in the latter case the Sectional Officer shall forward it immediately to the Subdivisional Canal Officer. The Subdivisional Canal Officer, as soon as he has, by personal enquiry or by an enquiry made by the Sectional Officer, satisfied himself that the land in question constitutes a definite block or a definite part of a block and that it can be irrigated, shall at once inform the Divisional Canal Officer giving such particulars as that officer may direct, and shall ask his formal approval to the lease being proceeded with. On receipt of such approval the Subdivisional Canal Officer shall forward the preliminary application to the Zilladar, in order that the detailed assessment may be taken in hand. The lands in respect of which the lease is to be granted shall be indicated on a copy of the map referred to in rule 5.

7. The Zilladar on receipt of the application shall prepare the detailed assessment paper (*khasra*) of the land with the aid of the district settlement map, the record-of-rights and the plot index if available. If there is no settlement map of the area, an amin shall make a sketch map and a *khasra*, and shall measure the areas of the plots with a chain or measuring rod.

8. When the *khasra* is prepared the Zilladar shall forward it to the Subdivisional Canal Officer for approval.

9. As soon as the *khasra* has been approved by the Subdivisional Canal Officer, he shall return it to the Zilladar endorsed with his signature in token of approval.

The Zilladar shall then prepare a *khatian* or abstract of the *khasra*, and shall have the form of application, given in Appendix No. I to these rules, filled up and signed or marked by each of the applicants, in the presence of two witnesses.

When the application has been duly signed, the Zilladar shall send it to the Deputy Collector or other officer in charge of the revenue division hereafter called the Revenue Officer who after scrutiny will send it to the Divisional Canal Officer, by whom the permit or formal approval of the lease shall be signed and issued in the form given as Appendix No. III to these rules. The permit shall be made over to the representative of the cultivators by the Subdivisional Canal Officer by means of his Sectional Officer. The Divisional Canal Officer shall return the application to the Revenue Officer, with a copy of the permit for record.

10. If the cultivators of any block, with regard to which an application for a lease is being proposed, are not unanimous, and if some of them decline to sign the application the Zilladar shall report the matter to the Subdivisional Canal Officer. This officer shall hold a local enquiry, recording the statements of the persons who decline to sign and recording his personal opinion on the reasons given. He shall then send a report to the Divisional Canal Officer, who shall decide whether the lease may be accepted excluding the fields in the occupation of the persons who decline to sign, or whether the lease shall be declined. The Divisional Canal Officer is authorised to grant a lease when not less than 95 per cent. of the holders of the net irrigable area of the block have

signed the application. In particular cases should it be desirable to grant a lease even though an area larger than 5 per cent. of the block has not been signed for, this may be done on the written order of the Superintending Engineer. The reason for granting the lease shall be fully recorded.

11. **Covering leases.**—Applicants for a lease for a term of years who may require water before the lease has been concluded can obtain a supply on tendering an application for a covering lease in the form given in Appendix No. II to these rules. This application shall be signed in the presence of the Zilladar or some other responsible officer nominated for the purpose by the Subdivisional Canal Officer. The signatures of the leading cultivators in the block in question shall be obtained and they shall represent holders of not less than 75 per cent. of the irrigable land within the block.

As soon as the Subdivisional Canal Officer receives the application duly signed, he shall issue a permit in the form given in Appendix No. IV to these rules, and shall at once supply water.

12. **Kharif season leases.**—If a lease for which an application has been filed for a term of years is not concluded for any reasons and water has been supplied under a covering permit, the lease shall be treated as a kharif season lease and water rates charged in accordance with item 2 of the schedule of rates.

Kharif season leases may be granted within the areas set apart for long leases but holders of kharif season leases will not be entitled to water until the demands of the long-leased area have been met or there is surplus water. The rates to be paid will be in accordance with item 2 of the schedule of rates. These leases will expire on the 31st of October each year. Applications for kharif season leases may be presented to the Subdivisional Canal Officer or to the Sectional Officer. They must be in the form given in Appendix V to these rules. The permit for the supply of water in the form given in Appendix VI to these rules will be granted by the Subdivisional Canal Officer.

13. **Single watering leases.**—Applications for a single watering during the kharif season, may be entertained if water is available, after meeting the demand for the areas leased for a term of years. The applications may be presented at the Subdivisional Canal office or to the Sectional Officer. They must be in the form given in Appendix No. VII to these rules.

The application must be for a definite block and the signatures of the applicants must cover areas aggregating not less than four-fifths of the irrigable lands in the block.

If the Subdivisional Officer is able to supply water and accepts the application he will require the applicants to pay in advance one-half of the amount due on the areas entered in the application at the rate specified in the schedule of rates, and on this sum being paid he will at once issue a permit in the form given in Appendix No. VIII to these rules and will supply water. When the watering has been concluded the area actually irrigated shall be determined and the assessment shall be made on the areas actually watered within the limits of the block specified in the application and permit.

14. **Rabi season leases.**—Applications for water to irrigate spring rice or other crops excluding sugarcane between November and March inclusive, may be presented at the Subdivisional Canal office or to the

Sectional Officer. They must be in the form given in Appendix No. IX to these rules.

In the applications the areas for which water is required must be specified but the rate will be charged on those areas for which water is actually used as determined by measurement.

The permit in the form given in Appendix X to these rules will be granted by the Subdivisional Canal Officer if he is able to supply the water.

15. Sugarcane season leases.—Applications for water to irrigate sugarcane between the 1st November and the 31st March inclusive may be presented to the Subdivisional Canal Officer or to the Sectional Officer. They must be in the form given in Appendix XI to these rules.

In the applications the areas for which water is required must be specified but the rate will be charged on those areas for which water is actually used as determined by measurement. The permit in the form given in Appendix XII to these rules will be granted by the Subdivisional Canal Officer if he is able to supply the water.

No water shall be supplied to any lands except such as have been brought under a lease for a term of years or for the season, or to such as are provided for by a covering lease or by a lease for a single watering.

18. Under the forms of Irrigation lease in use, no specific supply of water is promised: but the undertaking is to give such a supply to each lessee as may be necessary for the lands leased. The supply shall be given, as may be required for the proper cultivation of the crops under irrigation, according to the exigencies of the season.

19. The Divisional Canal Officer will give the required supply by rotation in accordance with the sanctioned talil table and map where such exists. He is required to give the lessees written notice informing them of the periods when they will be supplied with water. No alteration is permitted in the table of rotation without the written sanction of the Superintending Engineer.

20. Collection of water-rates.—The rates due for water supplied shall be collected by the Revenue Officer through his staff of Zilladars, Tahsildars and peons. All khatians or demand statements shall be signed by the Revenue Officer after scrutiny in his office.

21. At the time of preparation of the khatian in the Zilladar's office, each person assessed shall be furnished with an extract from the assessment paper, showing the particulars of the charge against him. This extract shall be furnished in such form as may from time to time be approved for the purpose.

22. Each person on paying the sum due from him shall be given a receipt in the form prescribed for the purpose.

23. For the purposes of account, control over establishment and general administration, the Revenue Officer is in the position of an Executive Engineer in charge of a division, and is directly subordinate to the Superintending Engineer. The primary record of the facts regarding the unauthorised use or the waste of water shall be made by the Subdivisional Canal Officer and his subordinates. The parties whom it is proposed to assess shall be informed in writing, and shall be called on to show cause why they should not be assessed. The record of their statements shall be made by the Divisional or by the Subdivisional Canal Officer. The Divisional Canal Officer shall consider the facts and statements recorded, and shall, in deciding the case, give his reasons for or against the assessment, both as regards the facts and as regards the law; and he shall determine the rate to be charged in accordance with the provision in the schedule of rates attached to these rules.

25. Should the Divisional Canal Officer decide on making an assessment, he shall have the assessment papers prepared by the Subdivisional Canal Officer and his staff. Each person assessed shall be furnished with a statement of the charge against him, and an abstract of the demand or khatian shall be sent to the Revenue Officer, who shall proceed to recover the sums assessed. The period of one month within which an appeal may be presented to the Collector under section 91 of the Bengal Irrigation Act, 1876 (hereinafter referred to as the Act) shall count from the date on which the order of the Divisional Canal Officer is received by the person assessed, which date shall be endorsed on the order.

26. No proceedings shall be instituted if the unauthorised use or the waste of water have occurred through the act or neglect of a Canal Officer or a subordinate employed on the canal.

27. **Complaints and applications.**—All complaints or applications with respect to the supply of water, defective drainage, and generally all matters relating to the administration of the canals, shall be received on presentation at either the Divisional or Subdivisional Canal offices.

Complaints and applications received by a Divisional Canal Officer may be transferred to his Subdivisional Canal Officers for disposal at his discretion.

Any such complaints or applications, if presented to the Revenue Officer or to his staff, shall be returned endorsed with instructions as to the proper office at which to present them. If received by post, they shall be at once forwarded to the Divisional or Subdivisional Canal Officer.

J. C. ROY, for Director of Agriculture, Bengal.

DEPARTMENT OF AGRICULTURE, BENGAL.

Dacca, the 18th January 1933.

First Forecast of the Wheat crop of Bengal, 1932-33.

(NOTE.—On an average of the five years ending 1930-31, the area under wheat in Bengal has represented some 0.4 per cent. of the total area under wheat in India. The ratio of the irrigated wheat acreage to total wheat acreage in (a) British India and (b) in the territory now reported on has, in the five years ending 1930-31, averaged (a) 39.8 and (b) 10.9 per cent., respectively.)

Explanatory.—Four forecasts of the wheat crop are published. The present forecast deals only with the estimated area sown and

the general condition of the crop in the early stages.

Acreage.—According to the estimates of District Officers, the total area sown amounts to 142,100 acres this year as against 139,700 and 145,200 acres reported, respectively, in the corresponding and final forecasts of last year.

Character of the season.—The rainfall in October though below the normal was sufficient for the preparatory tillage. In the first part of November untimely heavy rains delayed sowings in North Bengal; elsewhere the operations generally took place in the usual time. Since then the weather has been dry and the present outlook, so far, is reported to be satisfactory, on the whole.

G. P. HECTOR,

Director of Agriculture, Bengal.

**Resolution on the Annual Report of the Department of Agriculture,
Bengal, for the year 1931-32.**

GOVERNMENT OF BENGAL.

Department of Agriculture and Industries.

Agriculture.

CALCUTTA, THE 17TH JANUARY 1933.

RESOLUTION—No. 322Agri.

Minister-in-charge: The Hon'ble Nawab K. G. M. Farouqi, Khan Bahadur.

Read—

The Annual Report of the Department of Agriculture, Bengal, for the year 1931-32.

Administration.—Mr. R. S. Finlow was in charge of the department during the year under review. There was no change in the personnel of the superior controlling staff of the department except that when Mr. F. Smith, Deputy Director of Agriculture, Eastern Circle, went on leave in March 1931, Rai Sahib Jamini Kumar Biswas held charge of the circle.

2. **General.**—Of the whole the season was good for winter rice and satisfactory for autumn and spring crops, but floods caused damage to standing crops in the water-logged tracts of east and north Bengal. Unprecedented early rise of water in the Brahmaputra river caused widespread damage to crops in the adjoining areas, those most seriously affected being the Kurigram and Gaibandha subdivisions of Rangpur district, Seraiganj subdivision in Pabna district, the eastern part of Bogra district and the Tangail and Jamalpur subdivisions in Mymensingh district. In parts of Bogra, Seraiganj and Gaibandha which were inundated in the preceding year the distress was acute. As usual, the Agriculture Department assisted the local officers in the relief operations by arranging for the supply of paddy seedlings and *rabi* seeds. About 5,000 maunds of *rabi* seeds, 10 lakhs of sugarcane setts and a large quantity of paddy seedlings were distributed in the affected areas.

As in the preceding year, the depressing economic conditions which prevailed affected the agricultural population. Intensive propaganda was carried on in rural areas to persuade the cultivators to restrict the area under jute and the results are believed to have been satisfactory. An interesting feature of the propaganda was the distribution of leaflets by an aeroplane in the jute-growing tracts. The price of jute, however, did not improve and the cultivators had to remain content with small money return for their produce.

3. **Research and experiment.**—During the year under report the following schemes of research which were sanctioned and financed by the Imperial Council of Agricultural Research came into operation:—

- (1) Scheme for research into sugarcane-crushing and *gur*-boiling machinery.
- (2) Scheme for the establishment of a sugarcane seedling station at Dacca.
- (3) Scheme for the appointment of a Physiological Chemist to investigate the problems of animal nutrition.
- (4) Scheme for rice research in western Bengal.

The statistical examination of manurial experiments conducted on the experimental farms during the past twenty years which was undertaken with the aid of a grant from the Imperial Council was completed

and reports submitted to the Council. Schemes for the improvement of fruits and for the appointment of a cigar-curing and blending expert have also been approved. The universities of Dacca and Calcutta also continued their research work financed by the Imperial Council of Agricultural Research, viz., those on the methods of mechanical analysis of soils, particularly with reference to laterite soils, and on the nutrition of rice, and on colloid soil constituents respectively.

The Agricultural Chemist continued his experiments on methods of mechanical analysis of soil with the help of a Physical Assistant appointed under him by the Imperial Council. In the Botanical Section the First Economic Botanist continued to pay most attention to rice, the staple food crop of the province: work on survey and selection of varieties was in progress at Dacca, Barisal, Bankura and Suri. Fodder crops were the important branch of work which engaged the attention of the Second Economic Botanist. Potato storage experiments were also conducted on a small scale. Investigation into the life history of the white moth borer of sugarcane engaged the attention of the Entomological Section.

4. **Demonstration and propaganda.**—Financial stringency proved a serious handicap to work in this direction; but nevertheless it is gratifying to note that progress continued to be maintained. As a result of departmental propaganda there has been a remarkable extension of the area under Coimbatore cane in the province, especially in the districts of Rajshahi, Berhampore, Mahda, Burdwan and Nadia. Considerable areas under departmental cane are also found in Mymensingh, Rangpur and Dacca, and the cultivation is spreading rapidly in Bankura, Midnapore, Dinajpur, Jalpaiguri and Bakarganj. During the year a record distribution of 52 lakhs of sugarcane cuttings was made from Government farms. In this way the cultivator has been enabled to find a substitute money crop for jute in the present economic depression, but the problem is to secure for him a profitable return for his cane. It has, therefore, been found necessary to demonstrate the processes of manufacture of sugar, and steps have been taken for this purpose. An improved power-crusher and *gur*-boiling plant has been invented by the Agricultural Engineer, the use of which will, it is hoped, make sugar manufacture a profitable undertaking for small agriculturists.

The work on the introduction of improved varieties of paddy also received attention. In the year under report 245 seed centres, covering a total area of 8,200 bighas of both *aus* and *aman* paddies, supplied about 10,000 maunds of seed. An interesting experiment is being made to organise seed distribution centres through union boards with the assistance of district officers. It is recognised that union boards are a potent agency for the multiplication of departmental seeds, and Government will watch with interest the result of the experiment undertaken in the 24-Parganas district.

There was a remarkable increase in the number of private farms in the province which were 215 against 165 in the preceding year, viz., 154 in the Western Circle, 50 in the Northern Circle and 11 in the Eastern Circle.

5. **Agricultural education.**—The training of teachers from non-Government institutions at the Secondary Agricultural School at Dacca in connection with the scheme for agricultural education in middle English and high English schools was suspended during the year pending examination of the results of the working of the scheme during the experimental period.

The training of *bhadralok* youths in practical agriculture at the Faridpur farm with the object of settlement of *char* land with them in the district is being continued. The third batch of five students completed their training in July 1931.

6. **Sericulture.**—Work in the Sericultural Section continued to be carried out on the same lines as in previous years, particular attention being paid to the reduction of cost of production. In the resolution on last year's report reference was made to the decision to re-examine the whole policy of the Sericultural Department with a view to adjusting the work of the department to present needs. A detailed examination was accordingly made, but the matter was allowed to stand over pending the publication of the recommendations of the Provincial Retrenchment Committee. It was, however, recognised that the primary economic object was to stimulate trade in silk in Bengal, and as it was believed that defective methods of reeling were among the main contributing causes which hindered the establishment of the industry on a sound footing, measures were taken for the

introduction of reeling and twisting of silk on up-to-date lines. Two Sericultural Officers and the Inspector of Technical and Industrial Institutions were deputed to Mysore to study the working of the Sericulture Department there. Several types of machinery in use in Mysore have been purchased by both the Agricultural and Industries Departments for the Piasbari Sericultural Nursery and the Berhampore Silk Weaving Institute, respectively. The result of the experiment will be watched with interest.

7. **Acknowledgment.**—The thanks of Government in the Ministry of Agriculture are due to Mr. Finlow for the efficient manner in which he administered the department. Since the close of the year he has gone on leave and retired from the service of Government. The Hon'ble Minister in charge is also pleased to note the names of the other officers—superior and subordinate—commended in the report. His thanks are also due to the gradually increasing number of officials and non-officials who have rendered assistance to the department in its activities and to the members of the boards and committees connected with the department for their ungrudging co-operation and advice.

By order of the Government of Bengal
(Ministry of Agriculture),

L. R. FAWCUS,
Secy. to the Govt. of Bengal.
